

Remembering Together, Orkney

We need to find-out what a Covid memorial for Orkney should be like. We'll be using creative approaches to explore with people how they'd like to remember.

We need your help to explore ideas, thoughts, experiences and feelings about the pandemic in Orkney and how it's affected you. It's very important that we hear from lots of folk from all around Orkney to have their say in what a memorial should be.

This Pdf has some sheets for you to put down your thoughts and some questions to get things going.

You can print out pages 2-5 to fill in the sheets if you like.

It's anonymous, so no need to put your details on the sheets.

You can click to submit the form directly, or email, call or text us your input (details below)

You can also drop-off completed sheets at the VAO offices in Kirkwall.

Remembering Together, Orkney

Use single words or short statements (of a few words) to express your thoughts, feelings, memories and ideas about the experience of the Covid 19 pandemic. Use the wordcloud sheet if you like.

Think about these questions:

What was hard about the pandemic?

What did it feel like at the time?

What does it feel like looking back at the time?

How was it different in Orkney?

Was there anything good about the experience?

What should we learn from the experience?

What colour would you give the experience (and why)?

What should we remember about this time?

feelings

ideas

thoughts

memories

Remembering Together, Orkney

What should a Covid memorial for Orkney be like?

What should it bring?

What should it allow you to do?

Use this space for anything else you'd like to add

Click to send form by email

THANKS FOR YOUR INPUT!
